

## IMPORTANT DETAILS

**Students must bring their own device and have downloaded the Bluebook App. in advance to their first class!**

### Approved Device

Please visit <https://bluebook.collegeboard.org/students/approved-devices> to view a list of approved devices compatible with the Bluebook Exams app. Please note, Bluebook may not run on personal Chromebooks or phones. If you run into issues downloading the Bluebook app onto a school-issued device, please contact your school for assistance.

### Bluebook Exams Application

Students must download the bluebook app onto their approved device prior to attending the first class. Visit <https://bluebook.collegeboard.org/students/download-bluebook> or simply visit the Mac App Store or Google Play store. Note: the BB app *may* not be available for phones or personal Chromebooks. We recommend students use the device they will use for the official test if possible, but any [approved device](#) will work for this course. Once you've downloaded the app, sign in using your College Board (CB) account log in\*.

*\*If you have taken a SAT or PSAT, then you have a CB account. **DO NOT CREATE A NEW ACCOUNT!** Creating a new account can cause problems with future test scores. If you don't remember your login email or password, visit [collegeboard.org](https://collegeboard.org), click "Need help signing in?" and follow the instructions.*

If you need help with this step, you may find this tutorial helpful: <https://drive.google.com/file/d/15XTKg282M4Xt6HcYKNMG2BzzMKwvHBR7/view>

### College Board login

During the boot camp, we will practice and review within the BB app. In order to do this, you will need to log in to the CB website.

**Please remember or jot down your CB login for easy access.**

### Materials Needed

#### Pencil or pen

Practice is done in the app, but we will provide students with a copy of our curriculum and students will want to take notes and have scratch paper to work problems.

#### Calculator

Students will have access to the graphing calculator embedded into the Bluebook app, or they may use their own!
