

This World Day Against Trafficking in Persons, **July 30th**, More Than a Teacher is proud to partner with Allies Against Slavery in the fight for freedom.

We're donating **100% of classroom registration proceeds** (up to \$10,000) from July 30th to support Allies' mission to harness data and technology to identify and prevent human trafficking.

Allies Against Slavery is a nonprofit that builds data-driven tools to uncover and stop human trafficking. Their Lighthouse platform has identified over 3,200 likely victims and powered more than 35,000 screenings across Texas, Louisiana, and Florida. Every number represents a life—a child, a survivor, a person made visible.

Together, we can transform data into freedom. Learn more at alliesagainstsavery.org.
